

I would like to introduce your newest SCD member Club: Village Green Bowls Club, located in the beautiful, gated community of Hot Springs Village, ARKANSAS! You may never have heard of us, but we have been here for 39 years! We play on a synthetic Green, new one year ago and have a full schedule of leagues, tournaments, socials and community outreach and we bowl year round when the temperature is over 45 degrees!.

Alas, we are the only Club in surrounding states. We follow Arizona in an atlas, but that's as close as we get to any competition outside of our Club! Our website: www.hsvvgbc.org will tell you more about our Club and community. Click on the underlined words!

Should you decide to pay us a visit, we are located just north of Hot Springs and about an hour west of Little Rock on scenic highway 7. From Arizona, if you travel interstate 40, turn south on highway 7 from Russellville. We are a gated community, so you will need to let us know you are coming. WE LOVE COMPANY! There are lots of rentals opportunities also.

Contact us through our website or give me a call: Sharon Sands 501-915-9259 and let us know when you will be here!

Hope to see y'all soon!
